

temperature and calculate the air flow over the sensor, classified in class 422, subclass 98.

Paragraph 2 of the Office Action indicates that the inventions are distinct as "the different inventions have different modes of operation in that each has the sensor and one additional component that performs a different function in combination with the sensor."

Applicants elect the Group I claims, Claims 1-36, without traverse, for initial prosecution on the merits.

Should the Examiner be of the view that an interview would expedite consideration of the application, request is made that the Examiner telephone the Applicants' attorney at (908) 518-7700 in order that any outstanding issues be resolved.

Respectfully submitted,

Michael P. Fortkort
